Examiner Boccio,

We think the following language is consistent with all the medium claims in the above 5 applications:

9/16/06

"wherein the control information provides a functionality with respect to the video data or audio data such that when processed by a medium access device, the video data or audio data is managed and accessed according to the control information."

We authorize the addition of this phrase into the medium claims of the above 5 cases by Examiner's Amendment.

We also request that the following statement be included in the Statement of Reasons for Allowance for these 5 cases:

"The allowed medium claims have been carefully considered and discussed by U.S.P.T.O. personnel and the Applicants to ensure that these claims are in compliance with 35 U.S.C. Section 101 and the allowed claims are valid and definite, reciting a single statutory class in view of IPXL Holdings LLC v. Amazon.com Inc."

Thanks for all your help,

Ed Tracy
